

A message from the Shoshone Utility Department:

YOUR DRINKING WATER IS SAFE!

WE ARE OPEN, WE ARE TREATING WATER!

WE ARE SELLING AND DELIVERING PROPANE!

WE ARE DELIVERING WATER TO CISTERN CUSTOMERS!

We are maintaining our water distribution system.

We are maintaining our waste water collection and treatment systems.

Our office is open normal business hours.

We ask the public (customers) to utilize our drop box with checks and money orders for payments. We would like to discourage use of cash.

We ask our customers to avoid our offices if they are sick or feeling poorly.

Thanks.

Erin Martin, Director

Shoshone Utility Organization
